MEMORANDUM FOR: Members, OTE Curriculum Committee

FROM:

[redacted]  
Chairman, OTE Curriculum Committee

25X1

SUBJECT: Minutes of Curriculum Committee Meeting  
17 January 1985Orientation for (CT) Spouses

The Committee concurred in the proposed January running of "Orientation for Spouses", if CT Division can get additional spouses to attend. (Only 4 to 7 spouses are currently signed-up). The Committee favored the inclusion of the "cocktail party" exercise, if that is compatible with accommodating thirty spouses in each running. (CT Division believes that it is). It was noted that much of the substance of this orientation will be covered by [redacted] new personal security course (including a 2-day module on living overseas), and the Committee's expectation is that this effort will end when the other comes on-line.

Statistical Techniques for DI Analysts

This 40-hour course was requested by [redacted] Chief of the Europe office in the DI. The size of the target audience--DI analysts--is not very large, so the course may not become a regular offering. [redacted] said that it would make sense to get the course certified for credit by the University of Virginia, if it is offered again. The Committee concurred.

## Minutes of Curriculum Committee Meeting 17 January 1985

Page 2

With the benefit of a current course listing, and course review nominations from the Divisions, and Messrs. [redacted] 25X1 the Committee conducted its first quarterly zero-based review. The Chairman reiterated that form follows function, i.e., how a course is reviewed will depend mostly on the nature of the course, what is appropriate for the Mid-Career course would probably not be appropriate for the Fundamentals of VM. The Chairman asked that each responsible reviewing officer submit a one paragraph review proposal to the Committee before proceeding. Exceptions are noted by asterisk. After considerable discussion, the Committee agreed to the following review program for 1985.
